# North Tyneside Cultural Education Partnership

## Manifesto

v1

29 July 2019

Your manifesto is a written declaration that clearly and simply identifies how you are going to create value for your customers.

It is an emotive and compelling summary of the difference you make to the lives of your customers.

---

# Vision.

We want to create a world where every child in North Tyneside believes in themselves and where they live.

---

Through understanding and celebrating their culture, heritage and environment, children and young people learn to understand and celebrate themselves.

They feel a greater sense of belonging. They feel safe, accepted, important and valued.

Understanding their culture helps children and young people to develop a strong sense of identity and greater self-confidence – which they take into everything they do.

---

# Purpose.

We are here to create opportunities to  
empower.

---

Opportunities to empower teaching – using cultural experiences to provide greater relevance and deeper meaning to lessons, driving greater engagement. Empowering teachers to do more – utilising the experience and expertise of the cultural sector and getting more from North Tyneside’s heritage and environment.

Opportunities to empower children and young people to go as far as they want – helping them develop new skills, giving them the opportunity to lead or showcase their talents – boosting aspirations and improving social and economic outcomes.

---

# Mission.

We will make it easier for everyone to  
connect with culture.

---

We know where culture is and where it is needed across North Tyneside.

North Tyneside Cultural Education Partnership is an unrivalled network bringing together all those who provide culture and all those who require culture in one place.

We create the cultural marketplace where culture suppliers can meet culture buyers and build mutually beneficial relationships which support the development of children and young people in North Tyneside.

---

# Manifesto.

We want to create a world where every child in North Tyneside believes in themselves and where they live.

We are here to create opportunities to empower and make it easier for everyone to connect with culture.
